

Personal Statement

I am trustworthy, polite and punctual. I am able to follow rules and work to deadlines. I get on well with everyone in my family and with my friends and teachers at school. I feel that I am a helpful person who is good at working with other people. I am a quick learner and am very good at practical work, I learn better in a more hands on environment.

My main personal interest is cars. I have always been interested in cars, especially how they are made and how they work. My other hobbies are football, mountain biking and radio controlled car racing. I like to take my radio controlled cars apart to see how they work and if I can improve them. This has given me an insight into how cars actually work.

My personal achievements have been mainly on my Work Experience. I worked for BT Fleet workshop on my Year 11 Work Experience and they gave me a certificate for my efforts. I have also done targeted Work Experience with West Renault this year and I hope that this may lead to an apprenticeship.

In future I hope to be a motor vehicle technician and to work with cars. I hope to stay on in education at CRC to get the qualifications to help me to achieve this. I am also hoping to get an apprenticeship.
